

## Quick Tips: Interview Dress

### **BASIC TIPS:**

- It's typically best to wear conservative attire to a job interview. Stick with solid, dark colors like black, navy or dark brown.
- When wearing a suit, the jacket and pants/skirt should match. Stick with solid dark colors like black, navy or dark brown. Bold prints, bright colors and flashy ties are not recommended for a first job interview.
- Employers would prefer applicants to be traditional rather than fashionable or trendy.
- Shoes should be clean, moderate, closed toe, and heels should be no higher than two inches. Wear pantyhose and keep jewelry and makeup to a minimum.
- A few key tips regarding hygiene: keep hair neat, clean, and off the face, nails groomed and polished, makeup subtle and neutral, cover up tattoos, and take out excess piercings.
